Backaches of Women.

Backache is an invention of the evil one to try women's souls.

It has a beginning, but no end. Day after day its presence darkens the sunshine; night after night it pre-

Only those who have suffered in this way can understand the wearying, ceaseless misery. Yet, backache is but a sign of serious inward trouble,

which sooner or later declares itself. Do you never wonder what in the world is the reason

your back aches so ? Does your physician give you a satisfactory reason? Does he cure you?

The backaches of women are caused by diseased kidneys or some uterine derangement. Lydia E. Pinkham's Vegetable Compound cures it always, because it is the greatest known medicine for kidney and womb troubles.

Why do you temporize with backache when you must know that its cause is deep seated? You are enduring a miserable existence and piling up still greater trouble by trying to do the impossible and live it down.

Surely, every woman who suffers with her back wants to be well. Why not get Mrs. Pinkham's advice? You can secure it free by writing a letter to her at Lynn, Mass. It is the surest and easiest way to get relief from the demoralizing ache, and also get rid of the serious trouble

You will not be the first woman Mrs. Pinkham has helped; there are thousands and thousands of them. Overcome your hesitation. Sit right down to-day and write her about it. While you are waiting for a reply, get a bottle of her medicine, and be sare you do not permit the druggist to induce you to take something else on which he wants to make a larger profit. The medicine that cures these troubles of women is

Sick Women Should Read these Letters.

"Bran Mrs. Pinaman: For two years I was troubled with falling and inflammation of the womb. I suffered very much with bearing-down pains, headache, buckache, and was not able to do my housework. What I endured no one knows but those who have suffered as I did. I con hardly drag myself across the floor. I doctor with the physicians of this town for three months and grew worse instead of better. My husband and friends wished me to write to you, but I had no faith in patent medicines. At last I became so bud that I concluded to ask your advice. I re-coired an answer at once advising me to take your Vegetable Compound and I did so. Before I had taken two bottles I felt better, and after I had taken fire bottles there was no happier woman on earth, for I was well again. I know that your Vegetable Compound cared me, and I wish and advise every woman who suffers as I did to tay Lydis E. Finkham's Vegetable Compound. Believe me always grantful for the recovery of lieve me always grateful for the recovery of my health."—MBS. ELLA BICE, Chelsea, Wis-
